

"Impact Space" Project

The "Impact Space" project aims to support social enterprises by providing the tools and resources necessary to develop and achieve the expected social impact. The project is inclusive, covering all regions of the country, including the autonomous unit of Gagauzia and the Transnistrian region.

The project aims to empower entrepreneurs through specific activities such as training, mentoring, scholarships, internships, grants, and networking events.

5 Group mentorship sessions

27 Individual 1on 1 sessions tailored to the specific needs of each beneficiary
